

## EverGrip® LSC19 Cable Extensions

Molded 6-Circuit Multi-Cable Extensions

Five year limited warranty

### Features & Benefits:

- Thermoplastic resin premold creates a bond between the cable and connector for superior strain relief and secure terminations
- Pins and sockets cannot push back, extending life of the connector
- Rugged construction helps prevent broken conductors and loose or damaged ground rings
- Keyed design prevents misalignment of circuit conductors and unmateable or mismatched connections
- Thermoplastic elastomer overmold absorbs impact and provides an insulated and secure gripping surface for easier mating and safe handling
- Multi-cables carry 6-circuits of lighting power inside a single jacket, avoiding 6 individual runs of cable
- Specially formulated PVC jacket provides exceptional flexibility and durability
- Available for 1.5 mm<sup>2</sup> and 2.5 mm<sup>2</sup> cable
- “Tempered spring” female contacts maintain constant pin pressure to help ensure low resistance connections
- Silver-plated brass contacts for high conductivity
- All black construction blends into scenery and is ideal for stage or studio lighting applications

Rating	Male/Female Connector	Cable	Catalog No.
<b>16 Amp, 240 VAC Maximum (6-Circuit)</b>	Molded Lex 6-Circuit	H07RN-F 3G x 1.5mm <sup>2</sup>	EGME-18G-1.5-XX
<b>16 Amp, 240 VAC Maximum (6-Circuit) Ground Conductors Bonded</b>	Molded Lex 6-Circuit	H07RN-F 3G x 2.5mm <sup>2</sup>	EGME-18G-2.5-XX
